Become a FORGE member today!

FORGE has a long history and outstanding reputation of producing high quality publications, progressive trainings, inclusive and diverse support groups, large-scale events, engaging workshops, prompt and responsive technical assistance, and much more.

FORGE remains on the cutting edge – progressively modeling 100% inclusion, boldly addressing violence and trauma within the transgender community, successfully advancing awareness of transgender aging issues, dynamically constructing “reverse inclusion” events and publications, upholding SOFFA equality, as well as respectfully creating ample space for dialogue and education on challenging issues such as trans-masculine pregnancy, GID reform, and HIV within the trans-masculine community, to name just a few.

Since 1994, FORGE has conscientiously responded to the needs of its constituents, creating services, programs, and publications driven by user demand.

Becoming a member is an excellent way to contribute to the continuation of FORGE’s work -- work that changes individuals’ lives, celebrates community cohesion, and expands the world’s consciousness about gender diversity.

Member benefits
